## *It's all about quality...*

*In 1978, a journey that began in a small workshop in Istanbul, thrown branding steps beginning in the 2000s. Today is a covered area of 10000 m<sup>2</sup> and an open space of 4000 m<sup>2</sup>, including the ongoing production with a total of 14000 m<sup>2</sup> area, 350 employees, more than 80 countries on 5 continents; is accompanied by a success story of exports with the stamp of **'made with Gondol Quality'**.*

*With a variety of products such as plastic containers, salad spinner, special edition kitchen items, stylish hobby boxes, chopping boards, clothes hangers; ready to meet all the modern day people needs that has been universal, Gondol's product range **"surely, in every home"**.*

## *Innovative ideas*

*One of the largest manufacturers and exporter companies in the plastic kitchenware and household sector in Turkey.*

## *Real technology*

*High tech double injection machineries 45+ injection machines capacities ranging from 120 to 650 tons. In average, 8000 tons of raw material consumption per year.*

## Sustainable manufacture and development approach

### Principles

#### Responsibility

Gondol Plastic, commits to endure its existence in all its commercial activities spread over more than 80 countries worldwide; to act responsibly and ethical to employees, business partners, customers, suppliers and society and environment

#### Innovation

With the purpose of presenting products that contribute to more spacious society, Gondol Plastic aims that all products in their life circle from design to production, from the stage of performance to destruction will be actively sector leaders and sustainable innovation.

#### Low carbon footsteps

Gondol Plastic, is determined to achieve its commercial presence and its success through investing on research and development issues for employee and by actively managing social impact and planning transition to a world with a low carbon footprint.

#### Accountability

Gondol Plastik'in yaklaşımı, tüm faaliyetlerinde yasa ve mevzuata ilişkin zorunlulukları karşılamak veya daha fazlasını sunmak, şeffaf ve açık bir şekilde düzenli aralıklarla performansını raporlayarak paydaşlarına, müşterilerine, iş ortaklarına mesuliyetini kanıtlamaktır.

The concept of “sustainability” is indispensable for the principles of existence of Gondol Plastic. It is the fundamental value which leads the permanence of the success in becoming the “immortal” brand.

### Commitments

#### Society

Gondol Plastic; to create value for its existence and to provide benefits have close positive relationships with local and global communities. On the basis of this is the commitment to the welfare and development of its employees and the support for social and humanitarian projects.

#### Environment

Gondol Plastic; By reducing emissions, protecting natural resources and optimizing the use of sustainable energy and materials, commits for continuous development for production process and environmental performance of products

#### Customers and products

Gondol Plastik declares its commitment to providing exceptional and functional products that meet the needs of its customers and to support transition to a society with a lower carbon footprint.

#### Vendors

Gondol Plastic, during the supply chain, expects the most responsive behavior and the highest performance standards. Just and responsible business practices supports and always encourages co-operation in search of a sustainable solution

With the philosophy of “sustainability”, the strong reputation of the Gondol brand is preserved, its operating competence and license are constant, profitability grows and all stakeholders are protected
